KROSSTECH

**STORAGE
AND HANDLING
SOLUTIONS**

2018 PRODUCT RANGE

ABOUT KROSSTECH

Krosstech is an Australian owned and operated business. Krosstech has been manufacturing and providing high quality storage and material handling solutions for Australian businesses since 1968. We specialise in servicing industries including healthcare, warehouse and industrial stores.

The extensive Krosstech range includes well known brands such as DuraBox, SurgiBin, TuffTote and StorBay. Krosstech supplies an extensive range of access equipment, cabinets and lockers, pallet cages, pallet bins, scissor lifts, pallet trucks, forklift attachments, plastic containers, bins, storage systems, trolleys and workbenches.

At Krosstech we provide market leading storage and material handling solutions to Australian businesses with exceptional customer service.

OUR HISTORY

From its beginnings in 1968, Krosstech was started as a small family-run business and since then has developed a solid reputation as a trusted supplier and operator in the engineering, manufacturing and sourcing of high quality storage solutions.

In 2012 Krosstech expanded its product range to include materials handling products. In 2017 Krosstech became under new management and has taken on board the now more extensive range of storage and material handling solutions.
Today Krosstech is owned and operated by a local family with its office and showroom based in Rutherford, NSW Australia.
OUR MISSION

To design, manufacture and provide quality storage solutions for medical, warehouse and hospitality industries.

Krosstech's range of shelf, hanging and stackable bins allows you to sort small parts in whichever way best suits your requirements. Stack n Hang Bins come in six sizes to accommodate a wide range of goods from small parts to bulky items. They come in four different colours to enable colour coding for more efficient storage. They can be stacked, hung from louvre panels or incorporated into other storage systems. These bins offer countless options to allow you to arrange your small-parts in the most efficient manner.

Suitable for:
• Sterile storage
• Medical store rooms
• Wet stores

SURGiSPAN®

Inline SurgiSpan is the ideal shelving solution for medical storage and is commonly installed in sterile store rooms, medical store rooms, dry stores, wet stores, commercial kitchens and warehouses. SurgiSpan is a high quality medical grade shelving with a ventilated open metal construction that prevents the build-up of dust and allows ventilation of light and air.

SurgiSpan is fully adjustable and is available in both static & mobile bays. Overhead rail units are designed to maximise your available storage space and allow the shelving to be added to or relocated easily.

UNITS FROM 3 BAYS TO 9 BAYS

PLASTIC CONTAINERS

TUFFTOTE®

- These Heavy Duty TUFFTOTES are widely used in the food industry, as well as for industrial storage and materials handling, order picking and dispatch, assembly lines, manufacturing requirements, etc
- Manufactured using a durable polypropylene material which is able to be snap frozen. Ensuring that they are also suitable for all industries including the food industry.
- Highly versatile and durable, with some models having the ability to stack when full, or nest when empty to save space.
- Skates for ease of movement are also available.
- Lids can also be used with tamper evident seal for transport security

SAFEPOUR

PART NO: SC3000

Features:
• Holds all common 20-25 litre containers
• Weightless decanting
• Made in 1.6 galvanised or
stainless steel.
• Lock provided for additional safety

DRUM CARRIER/ROTATOR

PART NO: CR3002

Drum dimensions: 572mm D x 915.5mm H

Capacity: 210 litre drum capacity

Features:
• Mobile carrier raises, transports, rotates, tilts and
drains fully loaded drums.
• Suitable for loads up to 370Kg

DRUM TRUCK

PART NO: CE3114

Handle Height: 1520 X 620 X 1500

Drum size: 114-210 litre drum size

Wheel Diameter (Mm): 250

Capacity: 450kg

DRUM DOLLY

PART NO: CT3001

Features:
• Smooth rolling, strong and durable dollies
• Transports 136 or 250 litre drums with ease

DRUM CRADLE

PART NO: CS3103

Capacity: 300Kg

Features:
• Sturdy, economical cradle
• Designed for convenient, safe storage and easy
decanting

DRUM RACK CRADLE

PART NO: CE3113

Features:
• Fitted with 2 fixed wheels and 2 swivel castors for
maximum manoeuvrability
• Extendable handles to reduce the required lifting
force making for a safer and easier lift

SINGLE BIN CODE: CE3104
DOUBLE BIN CODE: CE3105
Load rating: 280kg

Features:
• Welded construction
• Painted finish
• Heavy Duty Forklift Slippers
• Reduction gear box
• Smooth tipping action

• Safety chain
• 280kg Load rating
• Compatible with Drums and Wheelie Bins
• Locking handle with safety catch
• Simple to operate

CODE: CV3011
Load rating: 280kg

Features:
• Reduction gear box allows smooth rolling action
• Extremely resilient non-slip strap and locking mechanism ensures Wheelie Bin is reliably secured while tipping

• Safety Chain
• Hydraulic Model available
• Simply secure bin into frame and turn handle to start rotating the bin

HEAVY-DUTY PARTS CABINETS AND TROLLEYS

- Heavy duty small parts cabinets and tool trolleys are ideal for industrial applications and serious workshops
- The roll-out drawers are a welded strengthened single rail design, coupled with quality steel ball bearings for long lasting smooth operation
- Each drawer is rated at an 100kg load capacity with 97% drawer access
- Quality central key locking system for safe storage
- Each drawer has a mechanical safety lock which allows one drawer to be opened at a time, preventing the cabinet/trolley from tipping

GAS STORES

Krosstech offers a comprehensive range of cost effective and stream-lined gas stores suitable for all applications where compliant gas cylinder

Transportable, re locatable, adjustable, forkliftable and craneable are just some of the standard features offered. The robust designs also incorporate preventative solutions to various potential OH&S issues encountered when handling these heavy and dangerous cylinders, these include access ramps, adjustable restraints and trolley options.

PS RANGE

The Krosstech PS range of internal safety cabinets remains un-matched for its quality, strength and unique features. This range has sufficient in built durability and features to enable an optional upgrade for outdoors applications. Many happy users in a wide range of demanding industry environments continue to request Krosstech Safety Cabinets including mining, defence, heavy engineering shops, airport facilities, port facilities and many more.

SUPER SERIES RANGE

Up to 850 litre capacity, this range of large capacity safety cabinets provide user friendly and space efficient Dangerous Goods Storage solutions to all industry types where higher storage volumes are required. These cabinets are the superior design alternative to traditional compliance methods, and incorporate highly flexible storage configuration options which gain not only compliance but also maximum efficiency in the handling of stored products.

CORROSIVE CABINETS

Krosstech's range of genuine non-metallic safety cabinets built to withstand even the most highly concentrated Class 8 Corrosive Substances and has a smart modern profile that compliments any institution or laboratory. Dual compartment construction also means that incompatible items may be safely stored within the same cabinet, such as acids and bases

DELUXE ORDER-PICKING LADDERS

BAILEY LADDERS

- Made to AS/NZS 1892.1
- 170kg load rating
- Industrial duty rating for use on commercial sites
- Meets Work Cover requirements (safety gate + 900mm handrail, toeboard)
- Suited to 'high frequency' use
- 'Walk-thru' design for stock picking and access to mezzanine floors, vehicle access and warehousing (no need to stock several products)
- Large 125mm wheels – improved portability and 'easy glide' action
- Large stable work platform (safe and stable) – 590mm x 800mm

CODE	DESCRIPTION	PLATFORM HEIGHT	REACH HEIGHT	BASE WIDTH & LENGTH	LOAD RATING

FH6018	6 Step Deluxe Order Picker	1.66m	3.7m	844 x 1592mm	170kgs
FH6019	7 Step Deluxe Order Picker	1.93m	3.9m	884 x 1733mm	170kgs
FH6020	8 Step Deluxe Order Picker	2.21m	4.2m	924 x 1875mm	170kgs
FH6021	10 Step Deluxe Order Picker	2.76m	4.8m	1003 x 2157mm	170kgs
FH6022	12 Step Deluxe Order Picker	3.31m	5.3m	1083 x 2440mm	170kgs
FH6023	14 Step Deluxe Order Picker	3.86m	5.9m	1164 x 2723mm	170kgs

Assumes a 1.70m person with a vertical 0.3m reach

MAINTENANCE LADDERS

Our Maintenance Ladders are constructed from strong, light weight structural grade aluminium. This results in a quality product requiring minimal maintenance and is further backed up with a lifetime warranty against faulty workmanship. All of our Work Platform Ladders have been designed and independently tested and exceed all relevant Australian Standards.

CODE	PLATFORM SIZE	PLATFORM HEIGHT	TYPE
